DOMINIK BENGER

+49 179 683 2250 | domi@dbenger.com | linkedin.com/in/dombenger | dbenger.com & three-dots.dev

Seasoned product, analytics, and performance marketing leader driving data-driven growth, user acquisition, and go-to-market execution across retail, tech, mobile apps, and mobile gaming. Proven track record of defining product roadmaps, leading cross-functional teams from ideation to launch, advising C-suite executives, and scaling platforms from concept to thousands of active users. Results-oriented with a focus on experimentation-driven development, stakeholder alignment, and applying AI/LLM expertise to product delivery.

PROFESSIONAL EXPERIENCE

Product, Analytics & AI | dbenger.com & three-dots.dev | *Feb 2025 – Present* | *Berlin, Germany*

Independent product, analytics and AI consultant building data products, developer tools, and automation systems – from product strategy and roadmap definition through hands-on development and launch.

- Building and shipping products independently across AI, analytics, PM tooling, and developer resources - owning the full product lifecycle from discovery and requirements through development and launch. 20+ projects delivered end-to-end (dbenger.com/#projects).

Agent & AI Systems (Built & Maintained)

- Agent Blueprint: 53 skills that take a coding agent from idea to reviewed pull request (design, plan, build, review, ship, learn), running in eight coding CLIs: Claude Code, Codex, Antigravity, Grok Build, Pi, Cursor CLI, Hermes, and Amp (agent-blueprint.dbenger.com).
- Agent Triforge: multi-agent system with 27 skills and 19 personas that puts Claude Code, Codex, and Antigravity on one team (plus optional OpenCode, Kimi Code, Cursor, Grok Build, Devin); nothing merges until a different agent has checked it (agent-triforge.dbenger.com).
- PM Operating System: Claude Code configuration that adds a structured productivity layer for product work - 32 skills (discovery, PRDs, GTM, sprint planning), 7 commands, 3 autonomous agents, and an 11-tool MCP server (ninety2ua.github.io/pm-operating-system).

Recent Client Project: Google Ads Health Solutions with AI Layer

- Built custom Creative Health, Campaign Health, and Geo Health solutions for Google Ads with an AI layer on top, running on the same unified full-stack process used by former clients, based on the Unified Data Foundation principle (unified-data-foundation.three-dots.dev).
- Live demos (synthetic data): creative-health-demo.three-dots.dev | campaign-health-demo.three-dots.dev | geo-health-demo.three-dots.dev (log in with demo@three-dots.dev).

Core Competencies in Development

- AI Coding Agents & CLIs: Claude Code, Codex CLI, Antigravity CLI, Grok Build, OpenCode, Pi CLI, Kimi Code, AMP, Factory, Jules, Devin
- AI IDEs, ADEs & Agent Orchestration: Cursor, Antigravity, Codex, Orca ADE, OpenHands, Paseo, Conductor, Superset, Emdash, T3 Code, Herdr, Warp
- Agent Frameworks, SDKs & Platforms: Google Agent Platform, Google ADK, LangChain, LangGraph, CrewAI, Vercel Eve, Vercel AI SDK, Claude Agent SDK, OpenAI Agents SDK
- RAG, Embeddings & Agent Memory: hybrid vector + keyword search, knowledge graphs, pgvector, GBrain, Mem0, Supermemory, Cognee, Honcho
- Autonomous & Personal Agents: OpenClaw, Hermes Agent, Grok Bot, Manus
- AI App Builders & Prototyping: Google AI Studio, Lovable, Replit, V0, Bolt.new
- AI Assistants & Productivity: ChatGPT, Claude, Perplexity, Gemini Notebook, Granola, ChatPRD, Linear, Notion AI
- Workflow Automation: n8n, Make.com, Zapier, Gumloop
- Generative Media: Higgsfield, ElevenLabs, Artlist; Text-to-Image, Text-to-Video, and Image-to-Video models for creative process automation
- Cloud & Deployment: Google Cloud, AWS, Vercel, Railway

- End-to-end product ownership on every project: problem discovery, user requirements, architecture, development, testing, deployment, and iteration, applying product management discipline to AI-native product delivery.

Senior Analytical Lead | Google – Large Customer Sales, Northern Europe | *Sep 2021 – Feb 2025* | *Amsterdam, Netherlands*

Partnered with leading global app and gaming advertisers across Northern Europe (Benelux + Nordics) to develop innovative digital solutions and drive business growth.

Revenue & Client Impact

- Delivered $XXXmm+ quarterly revenue with 40% average YoY growth by developing innovative digital solutions leveraging Google's resources to exceed client objectives.
- Engaged C-suite and senior executives to present strategic insights and recommendations, building credibility and driving high-impact conversations at the leadership level.

Performance Operations & Analytics

- Owned daily pacing and analytics across Google Ads; built KPI scorecards, alerting systems, and cohort/LTV views in BigQuery and Looker, reducing time-to-insight and improving operational efficiency.
- Managed day-to-day performance operations with client growth teams; monitored ROAS, CPI, LTV, and retention metrics; triaged anomalies; and guided bid, budget, and creative optimizations.

- Operated a "daily performance engine": automated data pipelines, performance decoding, and executive dashboards; led standups with senior stakeholders to align on risks, opportunities, and rapid optimization decisions.
- Combined change-history forensics with funnel analysis to diagnose performance swings and prioritize actions with the highest marginal gain.

Platform Building & AI Integration

- Pioneered an end-to-end performance insights platform resulting in commercialized offerings, improved service quality, and higher client satisfaction.
- Leveraged Gemini models to optimize analytics, performance analysis, and internal data workflows - streamlining reporting and surfacing advanced insights.
- Developed iOS SKAN Reporting Pack integrating Google Ads App Campaign and SKAdNetwork data; solution published externally at github.com/google/app-reporting-pack.

Technical Apps Lead | Google – EMEA International Growth Team | *Dec 2018 – Aug 2021* | *Hamburg, Germany*

Specialist consultative sales role accelerating international growth through strategic and operational consultations for large advertisers in EMEA.

- Managed and consulted 25+ clients across Gaming and Non-Gaming app verticals, driving 55% average YoY increase in market exports.
- Achieved 100% client satisfaction rate through personalized performance and market export strategies with direct communication and customized tools.
- Established and co-led the IGT EMEA Apps & Gaming program, securing funded headcounts and scaling the initiative to 1,500+ clients adopting tools - increasing client investment by 300% YoY.
- Designed and managed "One-Stop Shop" App Campaigns BI Platform covering multi-billion USD in revenue with 3,000+ daily/weekly internal active users.
- Collaborated with Global Product Leads to design and launch Global App Campaigns Data Sharing Compliance Policy published for all App Campaigns sales teams worldwide; co-led global training rollout.

Account Manager | Google – Marketing Solutions, SMB Ad Sales | *Aug 2017 – Dec 2018* | *Dublin, Ireland*

- Managed top-tier SMB clients with revenue ranging from $XXXk to $XXMM per quarter; achieved 135% of Q4 target a month early and 157% of Q1 target two months early.
- Drove +383% audience depth (top-18 CE pod), +158% automation growth, and scaled RLSA from 87% to 562% with >50% win rate.
- Trained 50+ representatives across EMEA/US on automation and insight generation; shipped automated QBRs, reports, and scripts.

ADDITIONAL EXPERIENCE

Google | Analytical Consultant Intern – Jan 2017 – Aug 2017 | Zagreb, Croatia

- Supported Google LCS across CEE (Apps, Airlines, Gaming, IT, Fashion, Retail); delivered quantitative market landscape work and presented insights to Industry Managers.

Q Agency | Business Development Manager – Jan 2016 – Jan 2017 | Zagreb, Croatia

- Operated at Top 10 World's Best Agency (Clutch, 2022); owned UK market and full sales cycle. Built sales operating system with new strategy, CRM implementation, and performance tracking.

L'Oréal | Marketing Analyst Intern – Sep 2015 – Dec 2015 | Zagreb, Croatia

Henkel | Marketing and Business Intelligence Intern – Dec 2014 – Aug 2015 | Zagreb, Croatia

EDUCATION

Rochester Institute of Technology – B.S. in International Business & Marketing, 2017
